

— Step 33: Supply Chain Procurement Strategies —

- **Navigation Path:** Procurement -> master data -> Procurement Type -> click +

The screenshot shows the COSMICNEXT application interface. A modal dialog titled "Adding" is open, allowing the user to create a new Procurement Type. The dialog has two input fields: "Procurement Type" with a placeholder "Enter procurement type" and "Description" with a placeholder "Description". At the bottom right of the dialog are "Cancel" and "Confirm" buttons. The background shows the application's sidebar with categories like Procurement, Inventory, Manufacturing, Logistics, Finance, and Order Management. The top navigation bar includes "TRANSACTIONS" and "MASTER DATA" tabs, and a user profile for "robert baratheon". A copyright notice "Copyright © 2026. By Cosmic Next" is visible at the bottom of the page.

-
- **Purpose:** Identifies whether a material is bought externally from outside vendors or manufactured inside your facility.
- **Data Entry Values:**
 - **Procurement Type Name:** External Vendor Purchase
 - **Description:** Acquired through purchasing organizations via Request for Quotations.

User Action: Click **Save/Submit** to log the strategy.
