

— Step 40: Procurement Transaction Categories —

- **Navigation Path:** Procurement -> master data -> purchase type -> click +

The screenshot displays the COSMICNEXT web application interface. A modal dialog titled "Adding" is open, allowing the user to create a new Purchase Type. The dialog contains two input fields: "Purchase Type" and "Description". At the bottom right of the dialog are "Cancel" and "Confirm" buttons. The background shows the application's navigation menu with options like Procurement, Inventory, Manufacturing, Logistics, Finance, and Orders. The top navigation bar includes "TRANSACTIONS" and "MASTER DATA" tabs, and a user profile for "robert baratheon". A copyright notice "Copyright © 2026. By Cosmic Next" is visible at the bottom of the page.

-
- **Purpose:** Dictates processing behavior for external supply requests, cleanly separating standard buy lines from contract processing.
- **Data Entry Values:**
 - **Purchase Type Name:** Standard Direct Materials PO
 - **Description:** Standard inventory buying directly from authorized external suppliers.

User Action: Click **Save/Submit** to establish the purchase type framework.
