

Step 12: Inventory & Warehouse → MI Warehouse (Material Issue)

- **Navigation Path:** inv & wh -> transactions -> MI warehouse -> + button

The screenshot shows the COSMICNEXT Supply Chain Management interface. The left sidebar lists navigation options: Procurement, Inventory & Warehouse, Manufacturing, Logistics & Transport, Finance & Costing, and Order-to-Cash. The main header has tabs for TRANSACTIONS, PLANNING, and MASTER DATA, with a user profile for robert.baratheon. The 'MI Warehouse No.' section contains fields for 'MI Warehouse No.', 'Posting Date' (mm/dd/yyyy), 'Handled By', 'Stock Movement Type Name' (with a dropdown), 'Sales Order No.' (with a dropdown), and 'Serial No.' (with a dropdown). Below this is the 'Description' field. The 'MI Warehouse Details' section is a table with columns: Product No., Base Unit Of Measure, Quantity Issued, Factory Name, Storage Location, and Action. The table has one row with dropdowns for 'Select Material', 'Select Uom', '1', 'Select Factory', and 'Select Storage Location', and an 'X' icon in the 'Action' column. An 'Add Item' button is below the table. At the bottom are 'submit' and 'cancel' buttons.

- **Purpose:** Deducts component inventory from storage zones and assigns it directly to an active shop order.
- **Operational Data Entry Values:**
 - **MI Warehouse No:** MI-WH-2026-RAW01
 - **Stock Movement Type Name:** Goods Issue for Manufacturing Order
 - **Warehouse Name:** Midwest Regional Distribution Center
 - **Description:** Issuing production parts out of storage directly to assembly line carts.
- **MI Warehouse Details Line Items (Table Matrix):**

Material No.	Material Name	QTY	UOM	Warehouse Bay Location	Storage Location
MAT-ST-700	Premium Steel Cylindrical Tube	10,000	Pieces	BAY-A1-ROW3	SLOC-STEEL
