

— Step 17: Factory Operations Registry —

- **Navigation Path:** inventory & warehouse -> master data -> factory -> click +

The screenshots illustrate the process of adding a new factory. The first screenshot shows the 'COSMICNEXT SUPPLY CHAIN' navigation menu with 'Factory List' selected. The second screenshot shows the 'Adding' form with the following fields: Factory, Factory Type, Company (dropdown), Address, City, State (dropdown), Country (dropdown), and Description. The third screenshot shows the 'Home / Factory List' page with a table of factory data.

Description	Setting
New Factory data	☒ ☐
Active	☒ ☐

- **Purpose:** Registers the primary physical manufacturing plant facility under your corporate structure.
- **Data Entry Values:**
 - **Factory Code:** FAC-EAST
 - **Factory Name:** Cosmic East Wing Plant
 - **Company Owner:** [Dropdown Selection] Select Cosmic Bottling Corp (Created in Step 6)
 - **Location Address:** 100 Industrial Parkway, Ohio

User Action: Click **Save/Submit** to anchor the manufacturing facility.
