

## — Step 12: Stakeholder/Partner Roles —

- **Navigation Path:** settings -> Global attributes -> Partner Role -> click +

The screenshot shows the COSMICNEXT application interface. A modal dialog titled "Adding" is open, allowing the user to create a new Partner Role. The dialog contains three input fields: "Partner Role" (with the placeholder text "Partner Role"), "Description" (with the placeholder text "Description"), and "Status" (a dropdown menu currently showing "Active"). At the bottom right of the dialog are two buttons: "Cancel" and "Confirm". The background shows the application's sidebar with various menu items like Procurement, Inventory, Manufacturing, Logistics, Finance, and Orders, and a top navigation bar with "TRANSACTIONS" and "MASTER DATA" tabs. The user's name "robert baratheon" is visible in the top right corner.

- **Purpose:** Defines the legal and operational categorization of external entities (e.g., Suppliers, Customers) within the master database.
- **Data Entry Values:**
  - **Role Name:** Raw Material Supplier
  - **Description:** External entities providing production parts or components via formal purchase orders.
  - **Status:** Active

**User Action:** Click **Save/Submit** to log the partner role.
