

— Step 21: Physical Storage Location Profile —

- **Navigation Path:** inventory & warehouse -> master data -> Storage Location -> click +

The screenshot shows the 'New Storage Location' form within the COSMICNEXT Supply Chain application. The interface includes a top navigation bar with 'TRANSACTIONS', 'PLANNING', and 'MASTER DATA' tabs, and a user profile 'robert baratheon'. A left sidebar lists various business processes: Procurement, Inventory & Warehouse, Manufacturing, Logistics & Transport, Finance & Costing, and Order-to-Cash. The main form area is titled 'New Storage Location' and contains several input fields: 'Storage Location' (text), 'Factory Name' (dropdown menu), 'Maintenance Status' (dropdown menu with 'Active' selected), 'Description' (text), 'Location' (text), and 'Storage Status' (dropdown menu with 'Active' selected). At the bottom right of the form are 'submit' and 'cancel' buttons.

-
- **Purpose:** Sets the localized sub-zones where inventory is segregated inside a primary manufacturing factory wing.
- **Data Entry Values:**
 - **Storage Location Name:** Heavy Metal Steel Staging Racks
 - **Factory Anchor:** *[Dropdown Selection]* Select Cosmic East Wing Plant (Created in Step 17)
 - **Warehouse Type:** *[Dropdown Selection]* Select Raw Material Inbound Storage (Created in Step 19)

User Action: Click **Save/Submit** to lock the stock inventory area.
