

## — Step 23: Logistical Order Status Hooks —

- **Navigation Path:** settings -> Logistics Config -> Order Status -> click +

The screenshot displays the COSMICNEXT web application interface. A modal window titled "Adding" is open, allowing for the creation of a new "Order Status Category". The modal contains two input fields: "Order Status Category" with a placeholder "Enter order status category" and "Description" with a placeholder "Description". At the bottom right of the modal are "Cancel" and "Confirm" buttons. The background shows the application's sidebar with menu items like "Procurement", "Inventory", "Manufacturing", "Logistics", "Finance", and "Orders". The top header includes the COSMICNEXT logo, a user profile for "robert baratheon", and a copyright notice at the bottom: "Copyright © 2026. By Cosmic Next".

- **Purpose:** Configures tracking milestones that govern transactional records as they advance from design to fulfillment.
- **Data Entry Values:**
  - **Order Status Name:** Confirmed for Planning
  - **Description:** Order is credit-cleared, reviewed, and fully visible to the material requirements planning engine.

**User Action:** Click **Save/Submit** to publish the status step.
