

— Step 26: Operational Material Grouping —

- **Navigation Path:** inventory & warehouse -> master data -> Group Material -> click +

The screenshot shows the COSMICNEXT application interface. A modal dialog titled "Adding" is open, allowing the user to create a new "Group Material". The dialog has two input fields: "Group Material" and "Description". Below the inputs are "Cancel" and "Confirm" buttons. The background shows the application's sidebar with categories like Procurement, Inventory, Manufacturing, Logistics, Finance, and Orders. The top navigation bar includes "TRANSACTIONS", "PLANNING", and "MASTER DATA". The user's name "robert baratheon" is visible in the top right corner. At the bottom of the dialog, there are "Previous", "1", and "Next" navigation links, and a copyright notice "Copyright © 2026. By Cosmic Next".

- **Purpose:** Groups related component materials together for simpler bulk reporting and procurement tracking.
- **Data Entry Values:**
 - **Material Group Name:** Industrial Stainless Steel Supplies
 - **Description:** High-grade steel sheets, tubes, and rods used on stamping lines.

User Action: Click **Save/Submit** to save the group.
