

— Step 29: Inventory Component Registration (Raw Material) —

- **Navigation Path:** inventory & warehouse -> master data -> Material -> click +

The screenshot shows the 'New Material' form in the COSMICNEXT Supply Chain system. The form is divided into two columns for data entry. The left column includes fields for Material No., Material Name, Industry Name, Group Material Name, Net Weight, Volume, Description, and Storage Location. The right column includes fields for Material Type Name, Base Unit of Measure, Gross Weight, Weight Unit, Volume Unit, Warehouse Number, Supplier Name, and Stock. Most fields are dropdown menus or have selection icons. At the bottom right, there are 'submit' and 'cancel' buttons.

-
- **Purpose:** Creates the primary engineering data card for individual component parts.
- **Data Entry Values:**
 - **Material No:** MAT-ST-700
 - **Material Name:** Premium Steel Cylindrical Tube
 - **Material Type:** [Dropdown Selection] Select Raw Production Materials (Created in Step 25)
 - **Group Material:** [Dropdown Selection] Select Industrial Stainless Steel Supplies (Created in Step 26)
 - **Base UOM:** [Dropdown Selection] Select Pieces (Created in Step 27)

User Action: Click **Save/Submit** to freeze the component part.
