

— Step 43: Planning Session Run States —

- **Navigation Path:** settings -> Planning Config -> Material planning run status -> click +

The screenshot displays the CosmicNext Supply Chain interface. A modal dialog titled 'Adding' is open, allowing the user to create a new 'Material Planning Run Status'. The dialog contains two input fields: 'Enter material planning run status' and 'Description'. Below the fields are 'Cancel' and 'Confirm' buttons. The background shows the system's navigation menu on the left with categories like Procurement, Inventory & Warehouse, Manufacturing, Logistics & Transport, Finance & Costing, and Order-to-Cash. The top navigation bar includes 'TRANSACTIONS', 'PLANNING', and 'MASTER DATA'. The user's name 'robert baratheon' is visible in the top right corner. A table titled 'Material Planning Run Status List' is partially visible on the right, showing a 'Setting' column with checkboxes and trash icons. The footer includes a pagination bar with 'Previous', '1', and 'Next' links, and a copyright notice: 'Copyright © 2026. By Cosmic Next'.

-
- **Purpose:** Creates background system system logs to monitor heavy operational processing steps.
- **Data Entry Values:**
 - **Run Status Name:** Calculation Completed Successfully
 - **Description:** The planning calculations finished processing with no system calculation errors.

User Action: Click **Save/Submit** to publish the run status.
