

— Step 28: Commercial Packaging Unit Dimensions —

- **Navigation Path:** inventory & warehouse -> master data -> Pack Unit -> click +

The screenshot displays the 'Adding' form for a Pack Unit in the COSMICNE system. The form is titled 'Adding' and contains the following fields:

- Pack Unit No.**: A text input field.
- Description**: A text input field.
- Material No.**: A dropdown menu with the option 'Select Material No.'.
- Quantity**: A text input field.
- Base Unit of Measure**: A dropdown menu with the option 'Select Base Unit of Measure'.
- Gross Weight**: A text input field.
- Status**: A dropdown menu with the option 'Active'.
- Storage Location**: A dropdown menu with the option 'Select Storage Location'.

At the bottom right of the form, there are two buttons: 'Cancel' and 'Confirm'.

- **Purpose:** Sets package size standards used during warehouse storage and shipping prep.
- **Data Entry Values:**
 - **Pack Unit Code:** PK-CASE-24
 - **description:** Standard Wholesale Box (24 Units)
 - **Base Quantity Contained:** 24.00
 - **UOM Count:** *[Dropdown Selection]* Select Pieces (Created in Step 27)

User Action: Click **Save/Submit** to secure the packaging unit.
