

— Step 14: People in Charge Accounts —

- **Navigation Path:** settings -> Global attributes -> People in charge -> click +

The screenshot shows a web application interface with a dark blue header. The header contains the COSMICNEXT logo on the left and a user profile 'robert baratheon' with a dropdown arrow on the right. A sidebar on the left lists various modules: Procurement, Inventory, Manufacturing, Logistics, Finance, and Order Management. A central modal dialog box titled 'Adding' is open. It contains three input fields: 'People in Charge Name' with a placeholder 'Enter name', 'Description' with a placeholder 'Description', and 'Factory Name' with a dropdown menu showing 'Select Factory'. At the bottom right of the dialog are 'Cancel' and 'Confirm' buttons.

- **Purpose:** Registers official employee profiles to manage internal document routing, planning ownership, and authorization limits.
- **Data Entry Values:**
 - **Full Name:** Robert Chen
 - **Department:** Supply Chain Planning

User Action: Click **Save/Submit** to create the user profile.
