

Step 4: Inventory & Warehouse → Material Planning Run

- **Navigation Path:** inventory & warehouse -> planning -> material planning run -> + button

The screenshot shows a web application interface with a sidebar on the left containing menu items: Procurement, Inventory & Warehouse, Manufacturing, Logistics & Transport, Finance & Costing, and Order-to-Cash. The main area displays a modal dialog titled 'Adding' for creating a new Material Planning Run. The dialog contains the following fields:

- Material Planning Run No.:** A text input field with the placeholder 'Enter number'.
- Requirements Met:** A dropdown menu currently showing 'Yes - Fully Covered'.
- MRP Count:** A text input field containing the value '0'.
- Description:** A text input field with the placeholder 'Description'.
- Material Planning No.:** A dropdown menu with the option 'Select Material Planning'.
- Material Planning Run Status:** A dropdown menu with the option 'Select Status'.

At the bottom right of the dialog are two buttons: 'Cancel' and 'Confirm'.

- **Purpose:** Runs the calculation sequence that detects the 8,000 raw steel tube component shortage.
- **Operational Data Entry Values:**
 - **Planning Run No:** MRP-RUN-10K-BOTTLES
 - **Material Planning No:** Select PLAN-MDS-01 from dropdown box
 - **Material Planning Run Status No:** RUN-PENDING
 - **Description:** Isolating component constraints for Sales Order SO-2026-10K.
