

— Step 63: Accounting Inventory Valuation Categories —

- **Navigation Path:** settings -> finance settings -> Valuation Category -> click +

The screenshot shows a web application interface for COSMICNEXT. A modal dialog titled "Adding" is open, allowing the user to create a new Valuation Category. The dialog contains the following fields:

- Valuation Category:** A text input field with the placeholder "Valuation Category".
- Description:** A text input field with the placeholder "Description".
- Costing Unit No.:** A dropdown menu with the placeholder "Select Costing Unit No." and a blue downward arrow.
- Currency Code:** A dropdown menu with the placeholder "Select Currency" and a blue downward arrow.

At the bottom right of the dialog are two buttons: "Cancel" and "Confirm". The background of the application shows a sidebar with navigation links like "Procurement", "Inventory", "Manufacturing", "Logistics", "Finance", and "Order Management", and a top navigation bar with "TRANSACTIONS", "PLANNING", and "MASTER DATA". The user's name "robert baratheon" is visible in the top right corner.

- **Purpose:** Sets the tracking rules for inventory pricing—such as using standard or moving average costs—and links them to corporate ledgers.
- **Data Entry Values:**
 - **Valuation Category:** VAL-CAT-STD
 - **Description:** Standard Fixed Valuation for Manufactured Items
 - **Costing Unit No:** *[Dropdown Selection]* Select Per Single Piece (Created in Step 7)
 - **Currency Code:** *[Dropdown Selection]* Select USD (Created in Step 1)

User Action: Click **Save/Submit** to establish the accounting ledger rule.
