

— Step 8: Operational Functional Areas —

- **Navigation Path:** settings -> finance settings -> Functional Area -> click +

The screenshot shows a web application interface with a dark blue header. The header contains the COSMICNEXT logo on the left and a user profile 'robert baratheon' with a dropdown arrow on the right. A sidebar on the left lists various modules: Procurement, Inventory, Manufacturing, Logistics, Finance, and Order Management. A modal window titled 'Adding' is open in the center. It contains three input fields: 'Functional Area' with the placeholder text 'Enter functional area', 'Description' with the placeholder text 'Description', and 'Status' with a dropdown menu currently showing 'Active'. At the bottom right of the modal are two buttons: 'Cancel' and 'Confirm'.

- **Purpose:** Categorizes operational expenditures on income statements to keep overhead clean.
- **Data Entry Values:**
 - **Functional Area Name:** Manufacturing Operations
 - **Description:** Direct machine overhead, utility costs, and labor assets operating on the shop floor.
 - **Status:** Active

User Action: Click **Save/Submit** to commit the area.
